# COUNTERMAN

Counterman Pro DMS Software is licensed, not sold. This basically means that you are licensed to use the software for the term of the "Reoccurring Time Frame". The license agreement renews itself as the "Reoccurring Payments" are received in our office and a "License Update" is immediate and automatic for quick and easy updating. In addition to updating the License, this also covers all price book updates, program updates, and 24-7 technical support.
